II. CATEGORIES

An award shall be given for the best achievement in each of two categories.

A. Animated Short Film

An animated film is defined as a motion picture in which movement and characters' performances are created using a frame-by-frame technique, and usually falls into one of the two general fields of animation: narrative or abstract. Some of the techniques of animating films include but are not limited to hand-drawn animation, computer animation, stop-motion, clay animation, pixilation, cutout animation, pinscreen, camera multiple pass imagery, kaleidoscopic effects created frame-by-frame, and drawing on the film frame itself. Motion capture and real-time puppetry are not by themselves animation techniques. An animated short has a running time of 40 minutes or less. An animated feature film has a running time of more than 40 minutes. In an animated film, animation must figure in no less than 75 percent of the picture's running time. In addition, a narrative animated film must have a significant number of the major characters animated. If the picture is created in a cinematic style that could be mistaken for live action, the filmmaker(s) must also submit information supporting how and why the picture is substantially a work of animation rather than live action. Documentary short subjects that are animated may be submitted in either the Animated Short Film category or the Documentary Short Subject category, but not both.

B. Live Action Short Film

A live action film uses imagery created primarily through practical photographic techniques used to capture physical actors, props, sets, and locations. **Documentary short subjects will not be accepted in the live action category.** If the picture is created in the cinematic style of a documentary, the filmmaker(s) must also submit information supporting how and why the picture is substantially a work of fiction rather than a documentary.

III. ELIGIBILITY

- A. To be eligible for award consideration for the 90th Awards year, a short film must fulfill one of the following qualifying criteria between October 1, 2016, and September 30, 2017. This qualification must take place within two years of the film's completion date:

OR

2. The film must have won a qualifying award at a competitive film festival, as specified in the Short Film Qualifying Festival List, regardless of any prior public exhibition or distribution by nontheatrical means. Producers may provide screenings of films in specialized formats for Academy members, but attendance at such screenings is not required for voting purposes.

- B. A short film qualifying under Paragraph III.A.1 above may not be exhibited publicly or distributed anywhere in any nontheatrical form until **after** its Los Angeles theatrical release. Nontheatrical public exhibition or distribution includes but is not limited to:
 - Broadcast and cable television

Excerpts of the film totaling no more than ten percent of its running time are exempted from this rule.

Films qualifying under Paragraph III.A.2 or III.A.3 above are exempted from this rule.

IV. SUBMISSION

- A. Short films must be submitted to the Academy on 35mm or 70mm film, or as a DCP formatted according to the digital qualification standards described in Paragraph III.A.1 above, along with the digital content delivery of the film. **Encrypted films will not be accepted.** Formats requiring special

technical presentation that meet the technical specifications above will be given consideration if made available for Academy voting screenings in Los Angeles County.

- B. The print or DCP of the short film submitted for Academy Awards consideration must be identical in content and length to the print or DCP that qualified.
- C. Dialogue or narration must be substantially in English or the film must have English-language subtitles.
- D. Prints or DCPs should be marked **“Short Film Entry”** and shipped **prepaid** to the Academy of Motion Picture Arts and Sciences, 8949 Wilshire Blvd., Beverly Hills, CA 90211. Prints or DCPs submitted will be retained by the Academy throughout the voting process.

If a DCP was submitted, a second DCP must be sent to the Academy. If a film print was submitted, a second print of the picture must be sent to the Academy. In addition, five Region 0/NTSC standard definition DVDs of the shortlisted film must be submitted for Academy records. Shortlisted films must have the necessary clearances for commercial theatrical exhibition. Festival clearances are not sufficient.
- G. The Academy will retain for its archives one film print or DCP and DVDs of every short film receiving a nomination for final balloting. The Academy will have the right, but not the obligation, to create a preservation copy of the picture at its own expense. All pictures that are not nominated will be returned at Academy expense. By submitting a film, the filmmaker agrees that the Academy has the right to make copies and distribute them for voting purposes only.
- H. The recipient of the Oscar will be the individual most directly responsible for the concept and the creative execution of the film. In the event that more than one individual has been directly and importantly involved in creative decisions, a second statuette may be awarded. However, **no more than two awards** will be given to a winning production. Companies or organized groups shall not receive nominations or awards.
- I. No short film may be submitted more than once for Academy Awards consideration. A short film must be submitted in the same Awards year in which it qualifies.

V. VOTING

- A. Excellence of the entries shall be judged on the basis of originality, entertainment and production quality without regard to cost of production or subject matter.
- B. A reviewing process will take place, in which volunteer active and life members of the Short Films and Feature Animation Branch will view all motion pictures entered and mark all entries 10, 9, 8, 7, or 6 with the guidelines of 10 (excellent), 8 (good), 7 (fair) or 6 (poor). In each category not more than ten pictures receiving the highest average numerical scores above 7.5 shall be considered further. In the event that fewer than six pictures receive average numerical scores above 7.5, those with the next highest average numerical scores shall be included until six pictures are selected.
- C. To determine nominations, all entries selected during the reviewing process shall be screened by the Branch Nominating Committee consisting of all active and life members of the Short Films and Feature Animation Branch. A member must see all shortlisted films for the ballot to be counted. Those members of the branch who participated in the reviewing process and who viewed all of the selected pictures, in either or both categories, will receive ballots. The running order of the films in

each category shall be organized by aspect ratio. Members shall vote in the order of their preference for not more than five pictures in each category. The five pictures receiving the highest number of votes in each category shall become the nominations for final voting for the Short Film awards.

- D. Final voting for the Animated Short Film and Live Action Short Film awards shall be restricted to active and life members of the Academy who have viewed all of the nominated short films. Academy members may vote for only one film in each of the two categories.

VI. ADVERTISING AND PUBLICITY RESTRICTIONS

Only short films that receive nominations or Academy Awards may refer to their Academy endorsements in advertising and publicity materials. A film that is selected for the shortlist may not identify itself as an "Academy Award finalist," "Academy Award shortlist film" or the like except when it appears in a program consisting entirely of such films.
