

Academy Screening Room 2021/2022 Guidelines

Feature Films

Feature films under For Your Consideration category and the other General Entry categories can be made available to Academy members on the secured Academy Screening Room member site.

Submission

To make your films available for streaming, each film, along with its unembellished synopsis (limited to 300 characters including spaces), will need to be submitted online at submissions.oscars.org, the Academy's Awards Submission Platform. To stream a film in the For Your Consideration category, the submitter must purchase the option under the Upload Media Materials section. The cost is \$ 12,500 per film. Once payment is received, the submitter will be able to upload the streaming assets. Submitters will also be able to share access with their technical colleagues to facilitate this upload.

Key notes:

- The cost is \$ 12,500 per film
- Included in this cost is an invisible Academy Screening Room watermark on the film, as well as an extensive QC review by our technical team
- Please allow 10 business days from the receipt of the final assets for the film to be ready for go-live on the platform
- Forensic watermarking is also available for an additional \$5,000 per film
- Payment and upload through the film's award submission site at submissions.oscars.org
- Film should be submitted with a synopsis (limited to 300 characters including spaces)
- Technical specifications: submissions.oscars.org/technicalspecifications.aspx
- Films should be submitted with a closed caption file in English (additional optional closed captions in French, Spanish and three additional languages are supported): [closed caption specifications](#)
- Film should be submitted with a movie poster (without quotes, laurels or credits): [streaming display artwork specifications](#)
